

SANA NIHAL A

Artificial Intelligence and Data Science undergraduate currently learning Python and Machine Learning fundamentals, with academic project exposure in Sentiment Analysis under the Naan Mudhalvan initiative. Familiar with AI/ML concepts and actively building skills in data analysis and model development. Seeking an AI/ML Internship or entry-level opportunity to apply and strengthen practical knowledge.

PROJECT

Sentiment Analysis of Social Media Conversations Naan Mudhalvan Innovation Project | 2025

- Contributed to a team project focused on classifying social media text into sentiment categories.
- Assisted in data preparation, model training, and testing phases.
- Learned the basic workflow of Machine Learning.
- Collaborated with team members to complete the project successfully within timeline.

EDUCATION

Bachelor of Technology – Artificial Intelligence and Data Science

Dhaanish Ahmed College Of Engineering, Chennai, Tamil Nadu

Expected Graduation: May 2027

CGPA: 8.7 / 10

Higher Secondary Education (Class XII)

Zion Matriculation Higher Secondary School, Chennai, Tamil Nadu

Year of Completion: 2023

Secondary Education (Class X)

Zion Matriculation Higher Secondary School, Chennai, Tamil Nadu

Year of Completion: 2021

CERTIFICATION

Big Data Computing – NPTEL | 2025

Data Science and Analytics – NSIC Technical Center | 2025

Full Stack Development – Edu-Prep | 2025

ACHIEVEMENTS

Scored Top 5 in the first semester and currently maintaining a CGPA of 8.7

Ranked in Top 10% of class academically.

Technical Skills

Programming:

Python (Beginner – Currently Learning)

Machine Learning:

Machine Learning Basics (Learning)

Sentiment Analysis (Academic Exposure)

Tools & Platforms:

Jupyter Notebook (Learning)

Google Colab (Learning)

Other Skills:

HTML (Basic)

Problem Solving

Team Collaboration

Additional Information

- Actively learning Python and Machine Learning through online courses and hands-on practice.
- Participated in the Government of Tamil Nadu Naan Mudhalvan AI project.
- Regularly practice coding and problem-solving to improve programming skills.
